Advice Letter 390 - A

U337W

## TO THE PUBLIC UTILITIES COMMISSION OF THE STATE OF CALIFORNIA

San Gabriel Valley Water Company ("San Gabriel") hereby requests the following changes in tariff sheets applicable to its Fontana Water Company division:

<u>CPUC Sheet No.</u>	<u>Title</u>	<u>Schedule No.</u>	<u>Canceling CPUC Sheet No.</u>
1994-W	General Metered Service	FO-1	1983-W
1995-W	General Metered Service (cont.)	FO-1	1984-W
1996-W	General Metered Service Conservation Rates	FO-1C	1985-W
1997-W	Private Fire Service	FO-4	1986-W
1998-W	Construction and Tank Truck Service	FO-9C	1987-W
1999-W	Service to Tract Houses during Construction	FO-9CL	1988-W
2000-W	California Alternative Rates for Water	FO-CARW	1989-W
2001-W	Preliminary Statement (cont.)	N/A	1940-W/1992-W
2002-W	Preliminary Statement (cont.)	N/A	1991-W
2003-W	Table of Contents	N/A	1993-W

The purpose of this supplemental advice letter is to incorporate the revenue requirement adopted in Advice Letter 392 into the proposed rates and to correct the Preliminary Statement approved with Advice Letter 392. An original and four copies of this advice letter are submitted in compliance with Ordering Paragraph Nos. 20 and 24 of Decision No. 09-06-027, dated June 18, 2009, in Application No. 08-07-009 to reflect in rates \$885,300 of additional Facilities Fees revenues recorded in the Facilities Fees memorandum account. Approval of this advice letter will decrease the adopted annual revenue requirement on January 1, 2011 by \$141,601 or 0.23%. The proposed rate change will cause the monthly bill of the typical residential customer to decrease by \$0.16 or 0.24% from \$67.83 to \$67.67. This advice letter is designated as a Tier 1 Compliance filing.

**Purpose and Background**

In the last general rate case for the Fontana Water Company (D.09-06-027 in A.08-07-009), the Commission ordered:

- 20. San Gabriel Valley Water Company is authorized to file a ratebase offset advice letter to incorporate total Sandhill Water Treatment Plant Cost of \$40,307,114.
  
- 24. San Gabriel Valley Water Company is authorized to continue to file advice letters to adjust rates for facilities fees revenues.

**Discussion**

Present rates became effective on October 28, 2010 through Advice Letter 392, revising the cost of capital in compliance with D.10-10-035. Advice Letter 378, effective January 1, 2010, reflected in rates the authorized \$40,307,114 of investment in the Sandhill Surface Water Treatment Plant upgrade project and the offsetting facilities fees recorded through September 2009. The proposed rates were designed by proportionately reducing the present rates by 0.23%. The following summarizes the proposed change to Rate Base:

Adopted Cost of Sandhill Treatment Plant	\$40,307,114
Investment already in rates	<u>(\$40,307,114)</u>
Additional Investment for this advice letter	\$0
Less: Facilities Fees collected (since AL 378)	<u>(\$885,300)</u>
Net Decrease to Rate Base	<u>(\$885,300)</u>

Workpapers supporting the revised revenue requirement and rate design have been provided to Water Division for review. The decrease to rate base produces a \$141,601 or 0.23% decrease to revenue requirement from \$60,450,000 adopted in Advice Letter No. 392 to \$60,308,399.

This supplemental advice letter also requests a ministerial correction of Tariff Sheet No. 1992-W (Preliminary Statement - CARW for the Los Angeles County division Tariff) that was inadvertently approved in Advice Letter No. 392, an advice letter revising Fontana rates. Proposed Tariff Sheet No. 2001-W (Preliminary Statement - CARW for the Fontana Water Company division) is the tariff sheet that should have been submitted and approved in Advice Letter No. 392.

### **Notice of Rate Change**

In accordance with the requirements of Water Industry Rule 4.1 of General Order No. 96-B, this advice letter is being sent to the parties listed on the attached distribution list. No other parties have requested notification of tariff filings related to the Fontana Water Company division. In accordance with Water Industry Rule 3.3 of General Order 96-B, San Gabriel will also post this advice letter on its website [www.fontanawater.com](http://www.fontanawater.com). No further public notice is required because all public notices in connection with Application No. 08-07-009 have already been mailed to customers or published in accordance with applicable law and Commission rules.

### **Protest and Responses**

Anyone may respond to or protest this advice letter. A response supports the filing and may contain information that proves useful to the Commission in evaluating the advice letter. A protest objects to the advice letter in whole or in part and must set forth the specific grounds on which it is based. These grounds are:

A protest shall provide citations or proofs where available to allow staff to properly consider the protest.

The informing document should include an estimate of the date the proposed protest might be voted on.

**Conclusion**

Pursuant to Ordering Paragraph No. 3 of D.07-04-046 as extended by Ordering Paragraph No. 24 of D.09-06-027, San Gabriel requests processing by the Commission's Water and Audit Division so the rates proposed herein will become effective on January 1, 2011. **G. California Alternative Rates for Water (CARW) Memorandum Account For The Fontana Water Company Division**

1. Purpose: The purpose of the memorandum account is to track the costs of the program against the estimates reflected in rates, until sufficient experience with the CARW program is attained that such costs can be reliably forecast in a general rate case proceeding.
2. The following entries will be made monthly to the CARW memorandum Account in the Fontana Water Company division:
  - a. The recorded reduction in billed Service Charge revenues for service provided under Schedule No. FO-CARW (debit).
  - b. Franchise fees and uncollectible account expense, based on 2a above and the CPUC-adopted rates for franchise fees and uncollectible accounts expense (credit).
  - c. CARW program costs of performing incremental activities which would not have been incurred absent the CARW program and which have not been reflected in authorized rates (debit).
  - d. One-twelfth of the annual CPUC-adopted revenue reduction for the CARW program as reflected in rates (credit)<sup>1</sup>. These CPUC-adopted amounts are as follows:

<u>Effective</u>	<u>Annual Amount</u>	
July 2005	\$1,505,925	
April 2006	\$646,919	
May 2007	\$752,902	
July 2007	\$859,980	
January 2008	\$967,633	
July 2009	\$1,004,712	
July 2010	\$1,114,417	
October 28, 2010	\$1,108,002	(N)
January 2011	\$1,105,407	(N)

The above amounts will be proportionately adjusted when monthly service charges change.

- e. Monthly interest expense calculated at 1/12 of the most recent month's interest rate on Commercial Paper (prime, 3-month), published in the Federal Reserve Statistical Release, H.15 (<http://www/federalreserve.gov/releases/H15/data/m/cp3m.text>), or its successor publication (debit or credit).

3. The memorandum account will terminate when so ordered in a CPUC general rate case decision, at which time any remaining debit (undercollection) or credit (overcollection) balance will be amortized through a rate surcharge or surcredit.

<sup>1</sup> CPUC D.05-05-015 describes this item as a "debit" at page 5 of the decision. After further review, the company finds that this item will regularly be a credit, so it is being described as such in this tariff sheet..

**J. Water Revenue Adjustment Mechanism (WRAM) Memorandum Account For Fontana Water Company Division**

3. The balance in the memorandum account shall be amortized by a Tier 1 advice letter whenever the balance exceeds 2% of the authorized revenue requirement for the preceding calendar year. If the balance is below 2%, San Gabriel shall propose its amortization in a general rate case.
  4. The memorandum account will terminate when so ordered in a CPUC general rate case decision, at which time any remaining debit (undercollection) or credit (overcollection) balance will be amortized through a rate surcharge or surcredit.
