An original and four copies of this supplemental advice letter are submitted in compliance with the D.14-06-001, dated June 11, 2014, in Application 11-07-005 to implement a revenue increase of \$346,000, or 0.6% for Escalation Year 2014-2015. As a result of discussions with Commission staff, this supplemental advice letter reduces the increase requested in Advice Letter 440. The proposed effective date is July 1, 2014 and in accordance with D.14-06-001, this is designated a Tier 2 advice letter.

Discussion

On May 16, 2014, San Gabriel submitted Advice Letter 440, requesting an escalation year increase of \$372,600. Since that advice letter was designated as Tier 1 and

after consultation with the Director of the Division of Water & Audits, the proposed rates became effective on July 1, 2014.

On June 11, 2014, the Commission issued D.14-06-001 (Order Correcting Error) that requires San Gabriel to “file a Tier 2 Advice Letter to implement rate changes for Escalation Year beginning July 1, 2014.” By then, the Office of Ratepayer Advocates was already reviewing Advice Letter 440 and has made several recommendations which San Gabriel accepted and has incorporated into this supplemental advice letter. Once approved, San Gabriel will calculate the over-collected revenues since the Advice Letter 440 rates were made effective (estimated at less than \$1,000) and will record that amount in its Water Production balancing account.

The tariff schedules reflecting the Escalation Increase are attached hereto. San Gabriel has provided workpapers supporting the calculation of the earnings test and the proposed rates, to the Commission’s Water and Audits Division staff for their.

Protest and Responses

Anyone may respond to or protest this advice letter. A response supports the filing and may contain information that proves useful to the Commission in evaluating the advice letter. A protest objects to the advice letter in whole or in part and must set forth the specific grounds on which it is based. These grounds are:

- (1) San Gabriel did not properly serve or give notice of the advice letter;
- (2) The relief requested in the advice letter would violate statute or Commission order, or is not authorized by statute or Commission order on which San Gabriel relies;
- (3) The analysis, calculations, or data in the advice letter contain material error or omissions;
- (4) The relief requested in the advice letter is pending before the Commission in a formal proceeding;
- (5) The relief requested in the advice letter requires consideration in a formal hearing, or is otherwise inappropriate for the advice letter process; or
- (6) The relief requested in the advice letter is unjust, unreasonable, or discriminatory provided that such a protest may not be made where it would require relitigating a prior order of the Commission.

A protest shall provide citations or evidence where available to allow staff to properly consider the protest.

A response or protest must be made in writing or by electronic mail and must be received by the Division of Water and Audits within 20 days of the date this advice letter is filed. The address for mailing or delivering a protest is:

Tariff Unit, Division of Water and Audits, 3rd floor
California Public Utilities Commission,
505 Van Ness Avenue, San Francisco, CA 94102
water_division@cpuc.ca.gov

On the same date the response or protest is submitted to the Division of Water and Audits, the respondent or protestant shall send a copy of the protest by mail to us, addressed to San Gabriel:

San Gabriel Valley Water Company
Director, Rates and Revenue
11142 Garvey Avenue
El Monte, CA 91733
FAX: (626)448-5530 or
E-mail dadellosa@sgvwater.com

If you have not received a reply to your protest within 10 business days, contact me at (626) 448-6183.

Cities and counties that need approval of their Board of Supervisors or Board of Commissioners to protest should inform the Division of Water and Audits, within the 20 day protest period, so that a late filed protest can be entered. The informing document should include an estimate of the date the proposed protest might be voted on.

Distribution of this Advice Letter is being made to the attached service list in accordance with Water Industry Rule 4.1 of General Order 96-B and San Gabriel will post this Advice Letter on its website in accordance with Water Industry Rule 3.3. No further public notice is required because all public notices in connection with Application No. 11-07-005 have already been made in accordance with applicable law and Commission rules.

3. The balance in the memorandum account shall be amortized by a Tier 1 advice letter whenever the balance exceeds 2% of the authorized revenue requirement for the preceding calendar year. If the balance is below 2%, San Gabriel shall propose its amortization in a general rate case.
