

SAN GABRIEL VALLEY WATER COMPANY

August 27, 2015

Advice Letter No. 467

U337W

TO THE PUBLIC UTILITIES COMMISSION OF THE STATE OF CALIFORNIA

San Gabriel Valley Water Company ("San Gabriel") hereby requests review and approval of the following changes in tariff sheets applicable to its Fontana Water Company ("Fontana") division:

<u>CPUC Sheet No.</u>	<u>Title</u>	<u>Schedule No.</u>	<u>Canceling CPUC Sheet No.</u>
2494-W	General Metered Service Conservation Rates	FO-1C	2460-W
2495-W	California Alternative Rates for Water (cont.)	FO-CARW	2462-W
2496-W	Table of Contents	N/A	2413-W

An original and four copies of this advice letter are submitted pursuant to Decision No. (D.) 10-04-031 in Application No. 08-09-008 to amortize the \$1,519,223 undercollection in the Fontana Water Company division's Water Revenue Adjustment Mechanism ("WRAM") Balancing Account as of July 31, 2015, through a temporary 12-month surcharge of \$0.1617 per Ccf. In accordance with D.10-04-031, **this compliance filing is designated as Tier 1 and does not require a resolution.** The enclosed tariff schedules will become effective immediately.

Background

The currently adopted rate schedules in this division became effective on May 6, 2015, through Advice Letter 461.

D.10-04-031, dated April 8, 2010, in A.08-09-008 adopted conservation rates and authorized a Monterey-style WRAM balancing account to record variances in

Quantity Rate revenues from those that would have been collected under a single block Quantity Rate. Ordering Paragraph 4(d) states:

(d) If the water revenue adjustment mechanism over- or under-collection for either ratemaking division exceeds 2% of that area's total authorized revenue requirement for the preceding calendar year, a tier 1 advice letter shall be filed within 30 days by San Gabriel Valley Water Company that requests amortization of the balance in the account, which applies only to the residential class of customers. If the percentage is 2 or less, San Gabriel Water Company shall propose amortizing in the next General Rate Case.

The \$1,519,223 undercollection in that account is 2.2% of the total authorized revenue requirement for the preceding calendar year.

San Gabriel has furnished the Commission's Division of Water and Audits staff workpapers providing detailed support for the proposed surcharge. These workpapers show the computation of the 12-month temporary \$0.1617 per Ccf surcharge. The new rates submitted with this advice letter raise the monthly bill of the typical residential customer using 19 Ccf under Schedule FO-1C with a 5/8" x 3/4" meter by \$3.07 or 4.4% from \$69.73 to \$72.80.

The matters addressed in this advice letter are not now the subject of any formal filings including a formal complaint, nor action in any court of law.

Service and Notice

In accordance with Water Industry Rule 3.2 of General Order 96-B, San Gabriel will inform its customers by bill insert (a draft copy of which is attached hereto) in the first bill that includes the increase, of the amount of the increase, expressed in dollar and percentage terms. No other parties have requested notification of tariff filings.

Distribution of this Advice Letter is being made to the attached distribution list in accordance with Water Industry Rule 4.1 of General Order 96-B. In accordance with Water Industry Rule 3.3 of General Order 96-B, Fontana will also post this advice letter on its website at www.fontanawater.com.
