

FONTANA WATER COMPANY

A DIVISION OF SAN GABRIEL VALLEY WATER COMPANY

15966 ARROW ROUTE • P.O. BOX 987, FONTANA, CALIFORNIA 92334 • (909) 822-2201

GENERAL INFORMATION FOR METERED WATER FROM FIRE HYDRANT

Deposit on Meter = \$1,500.00

Deposit for Water = Amount to be determined by
Customer Service Supervisor

Our Company will chain and padlock the Fire Hydrant Meter to the fire hydrant. If you need to move the Fire Hydrant Meter please contact our office.

The meter will be read and billed for water used the end of every month.

An excess of 300 G.P.M. usage through the meter will cause damage to the Fire Hydrant Meter.

Your company is responsible for the fire hydrant meter. If the meter is lost, stolen or damaged, charges for replacement of repairs will be deducted from your deposit.

There is a \$60.00 meter handling charge that will be deducted from your deposit.

A charge for the Fire Hydrant Wrench if not returned with the meter is \$35.00 and will be deducted from the deposit.

There is a 10% or \$10.00 minimum charge for overhead expense and will be deducted from the deposit.

See attached rate schedule, your service charge is for a 2-inch meter in addition to water used.

A Reduced Pressure Principle Backflow Device must be installed on discharge of meter, if the meter is to be used for anything except filling an air-gapped water truck or an air-gapped overhead tank.

If you have any questions regarding the above information, please call (909) 822-2201.

Thank you.

UNDER NO CIRCUMSTANCES IS A FIRE HYDRANT METER TO BE
CONNECTED TO A PRIVATE FIRE HYDRANT ON PRIVATE PROPERTY
