# SAN GABRIEL VALLEY WATER COMPANY

June 3, 2019

Advice Letter 541

U337W

## TO THE PUBLIC UTILITIES COMMISSION OF THE STATE OF CALIFORNIA

San Gabriel Valley Water Company ("San Gabriel") hereby requests the following changes in tariff sheets applicable to its Fontana Water Company division:

<u>CPUC Sheet No.</u>	<u>Title</u>	<u>Schedule No.</u>	<u>Canceling CPUC Sheet No.</u>
2975-W	General Metered Service	FO-1	2961-W
2976-W	General Metered Service (cont.)	FO-1	2962-W
2977-W	General Metered Service Conservation Rates	FO-1C	2963-W
2978-W	Private Fire Service	FO-4	2964-W
2979-W	Recycled Water Metered Service	FO-6	2965-W
2980-W	Recycled Water Metered Service (cont.)	FO-6	2966-W
2981-W	Preliminary Statement, Paragraph H2	N/A	2967-W
2982-W	Table of Contents	N/A	2974-W

The purpose of this advice letter is to reduce rate base (and rates) to reflect the collection and application of Facilities Fees recorded in the Facilities Fees Memorandum Account to the remaining net investment in the Sandhill Surface Water Treatment Plant upgrade project (Sandhill Project), while reserving the estimated remaining cost to complete the Fontana Recycled Water Project. An original and four copies of this advice letter are submitted to reflect in rates the application of Facilities Fees and memorandum account interest recorded since March 2018, and to decrease the adopted annual revenue requirement by \$547,722 or 0.8% effective July 1, 2019 (to coincide with the anticipated Escalation Year 2019-2020 rate change requested in Advice Letter 539). The proposed rate reduction will cause the monthly bill of the typical non-CARW residential customer on conservation rate Schedule No. FO-1C to decrease by \$0.48 or 0.8% from \$62.11 to \$61.63. Since a rate reduction is proposed, **this advice letter is designated as Tier 1.**

### **Discussion**

San Gabriel last adjusted rates to reflect the application of Facilities Fees and interest recorded in the Facilities Fees Memorandum Account through March 2018 by Advice Letter No. 524, effective July 1, 2018. This advice letter proposes to reduce rates by applying Facilities Fees recorded in the Facilities Fees Memorandum Account as of March 2019, to the remaining net investment in the Sandhill Project (\$3,175,791), while reserving the estimated remaining cost to complete the Fontana Recycled Water Project (\$2,000,000).

When San Gabriel collects deposits of Facilities Fees from developers, it credits Account 30-242-85. When the related construction jobs are either completed or abandoned, San Gabriel debits the deposited amount from this account. For completed jobs, the deposit is transferred to Account 30-242-86. Monthly net changes recorded in these two accounts are included in the Facilities Fees Memorandum Account, with the following two adjustments:

First, when San Gabriel applies Facilities Fees to a completed project, it transfers that amount from Account 30-242-86 to Account 30-242, Contributions in Aid of Construction (CIAC). Because rates are not simultaneously adjusted when this accounting transfer takes place, San Gabriel retains these transferred amounts in the Facilities Fees Memorandum account until the rates are adjusted, as it did in July 2018 with the \$4,460,517 approved in Advice Letter No. 524.

Second, D.12-06-002 in A.11-06-005 authorized the use of Facilities Fees to fund a new recycled water project. Ordering Paragraph No. 3 states:

3. San Gabriel Valley Water Company shall offset all Project Costs and any accrued capitalized interest costs recorded in the Project Work Order by (a) the amount of facilities fees received pursuant to Fontana Water Company Tariff Schedule No. FO-FF, CPUC Sheet Nos. 1875W and 1876W and (b) any available grants or contributions received from other sources for the local recycled water distribution system project, until all the Project costs and any accrued capitalized interest costs have been offset and reimbursed.

The Settlement Agreement approved in D.12-06-002 provided that no Recycled Water Project costs will ever be included in San Gabriel's rate base or otherwise be included in San Gabriel's revenue requirement for ratemaking purposes. Accordingly, the subject recycled water project was designated by the Commission as first in line to be offset by Facilities Fees on a going-forward basis, and the capital expenditures to construct the recycled water project have never been reflected in rate base. Because the recycled water project is not permitted to be reflected

in rate base, San Gabriel continues to record the capital costs of this project in the Facilities Fees Memorandum Account as an offset to compute the amount of Facilities Fees (plus interest) that are available for application to other projects.

San Gabriel plans to file a separate application regarding future modifications and upgrades to its Sandhill Surface Water Treatment Plant (Future Sandhill Upgrades), to be funded with future Facilities Fees later this year. San Gabriel has identified important and necessary future modifications and upgrades to its Sandhill Plant, and the Company is in the process of completing planning, feasibility and engineering design studies for this purpose, which are described in San Gabriel's general rate case Application 19-01-001 at page 31 of Exhibit SG-4 (DiPrimio). That filing will request that future Facilities Fees be used to finance the construction of the project.

The purpose of this advice letter is to reduce the remaining net investment in the Sandhill Project in rates to \$0 using the amount of collected Facilities Fees (plus interest) recorded in the Facilities Fees Memorandum Account through March 2019, which exceed the estimated amount still to be applied to the Recycled Water Project pending completion.

The currently adopted rates became effective on March 7, 2019 through Advice Letter 527-A. San Gabriel has recently submitted Advice Letter 539 to implement its Escalation Year 2019-2020 rates, effective July 1, 2019. San Gabriel proposes to decrease the Advice Letter 539 base rate revenues by \$547,722 or 0.8% from \$71,072,984 to \$70,525,262. The proposed rates were designed by proportionately reducing each component of the Advice Letter 539 rates by 0.8%.

### **Supporting Workpapers**

San Gabriel has furnished to the Commission staff for its review and verification, workpapers supporting the proposed revenue requirement and rate design.

### **Notice of Rate Change**

In accordance with the requirements of Water Industry Rule 4.1 of General Order No. 96-B, this advice letter is being sent to the parties listed on the attached distribution list. No other parties have requested notification of tariff filings related to the Fontana Water Company division. In accordance with Water Industry Rule 3.3 of General Order 96-B, San Gabriel will also post this advice letter on its website [www.fontanawater.com](http://www.fontanawater.com).

		0-16 Ccf/mo.	Over 16 Ccf/mo.	
<u>Effective Date</u>	<u>Single Block Rate</u>	<u>Tier 1 Rate</u>	<u>Tier 2 Rate</u>

July 1, 2019	\$3.3917	\$3.2309	\$3.7065	(R)

- d. Franchise fees and uncollectible account expense, based on the net of 2a and 2b above, and the CPUC-adopted rates for franchise fees and uncollectible expenses.
- e. Monthly interest calculated at 1/12 of the most recent month's interest rate on Commercial Paper (prime, 3-month), published in the Federal Reserve Statistical Release, H.15 (<http://www.federalreserve.gov/releases/H15/data/m/cp3m.txt>), or its successor publication.
3. The balance in the memorandum account shall be amortized by a Tier 1 advice letter whenever the balance exceeds 2% of the authorized revenue requirement for the preceding calendar year. If the balance is below 2%, San Gabriel shall propose its amortization in a general rate case.
4. The memorandum account will terminate when so ordered in a CPUC general rate case decision, at which time any remaining debit (undercollection) or credit (overcollection) balance will be amortized through a rate surcharge or surcredit.
