San Gabriel submits this advice letter for the Fontana Water Company division in compliance with California Public Utilities Commission ("CPUC" or "Commission") Decision ("D.") 20-08-006, issued August 12, 2020, in Application ("A.") No. 19-01-001 to implement a revenue increase of \$286,637, or 0.3% to reflect the revised escalation factor memos issued by the Public Advocates Office on October 22, 2021. In accordance with Ordering Paragraph No. 7 of D.20-08-006 and Water Industry Rule 7.3.1(6) of General Order 96-B, **this is designated as a Tier 1 advice letter** with a requested effective date of January 1, 2022, to coincide with other rate changes being implemented on that date.

Purpose and Background

On May 17, 2021, San Gabriel filed Advice Letter 564 to implement rates in the Fontana Water Company division for Escalation Year 2021-2022, as authorized in D.20-08-006. The revenue requirement adopted in Advice Letter 564 was based in part upon Labor, Non-Labor, and Compensation Per Hour escalation rates issued by the Public Advocates Office in May 2021. On October 22, 2021, the Public Advocates Office issued revised escalation factor memorandums for the months of February 2021 through July 2021. Accordingly, San Gabriel has recalculated the Escalation Year 2021-2022 rates based upon these revised Labor, Non-Labor, and Compensation Per Hour escalation rates, resulting in a revenue requirement increase in the Fontana Water Company division of \$286,637, or 0.3% compared to the revenue requirement adopted in Advice Letter 569,

which goes into effect on January 1, 2022.

Discussion

This advice letter proposes to increase the revenue requirement adopted in Advice Letter 569 by \$286,637, or 0.3%.

The proposed rates submitted with this advice letter will increase the monthly bill for the typical non-CARW residential customer in the Fontana Water Company division on conservation rate Schedule FO-1C with a $\frac{5}{8}$ x $\frac{3}{4}$ -inch meter and using 15 Ccf by \$0.26, or 0.3% from \$81.93 to \$82.19.

In order to avoid implementing multiple rate changes within a short period of time, San Gabriel is requesting a January 1, 2022 effective date for this advice letter so that the increase proposed herein will coincide with the implementation of the rates adopted in Advice Letter 569.

Service and Notice

Distribution of this advice letter is being made to the attached service list in accordance with Water Industry Rule 4.1 of General Order 96-B. No other parties have requested notification of tariff filings related to the Fontana Water Company division. In accordance with Water Industry Rule 3.3 of General Order 96-B, San Gabriel will also post this advice letter to its website www.fontanawater.com. San Gabriel will inform its customers of the overall net rate change effective January 1, 2022 in dollar and percentage terms by a billing message on the first bill on which the changes appear. No further public notice is required because all public notices in connection with Application No. 19-01-001 have already been made in accordance with applicable law and Commission rules.

Protest and Responses

Anyone may respond to or protest this advice letter. A response supports the filing and may contain information that proves useful to the Commission in evaluating the advice letter. A protest objects to the advice letter in whole or in part and must set forth the specific grounds on which it is based. These grounds are:

- (1) San Gabriel did not properly serve or give notice of the advice letter;
- (2) The relief requested in the advice letter would violate statute or Commission order, or is not authorized by statute or Commission order on which San Gabriel relies;
- (3) The analysis, calculations, or data in the advice letter contain material error or omissions;
- (4) The relief requested in the advice letter is pending before the Commission in a formal proceeding;
- (5) The relief requested in the advice letter requires consideration in a formal hearing, or is otherwise inappropriate for the advice letter process; or
- (6) The relief requested in the advice letter is unjust, unreasonable, or discriminatory, provided that such a protest may not be made where it would require re-litigating a prior order of the Commission.

A protest may not rely on a policy objection to an advice letter where the relief requested in the advice letter follows rules or directions established by statute or Commission order applicable to the

utility. A protest shall provide citations or proofs where available to allow staff to properly consider the protest. A response or protest must be made in writing or by electronic mail and must be received by the Water Division within 20 days of the date this advice letter is filed. The address for mailing or delivering a response or protest is:

Email Address:
water.division@cpuc.ca.gov

Mailing Address:
California Public Utilities Commission
Water Division, 3rd Floor
505 Van Ness Avenue
San Francisco, CA 94102

On the same date the response or protest is submitted to the Water Division, the respondent or protestant shall send a copy of the protest by mail to San Gabriel addressed as follows:

Email Address:
jmreiker@sgvwater.com

Mailing Address:
San Gabriel Valley Water Company
Vice President of Regulatory Affairs
11142 Garvey Avenue
El Monte, CA 91733

Cities and counties that need Board of Supervisors or Board of Commissioners approval to protest should inform the Water Division, within the 20 day protest period, so that a late filed protest can be entertained. The informing document should include an estimate of the date the proposed protest might be voted on.

The advice letter process does not provide for any further responses, protests or comments, except for San Gabriel's reply, after the 20-day comment period. San Gabriel will reply to each protest and may reply to any response. Each reply must be received by the Water Division within five business days after the end of the protest period, and shall be served on the same day to the person who filed the protest or response in accordance with General Order 96-B, General Rule 7.4.3.

If you have not received a reply to your protest within ten business days, contact San Gabriel at (626) 448-6183.

H2. Water Revenue Adjustment Mechanism (WRAM) Memorandum Account for the Fontana Water Company Division

<u>Effective Date</u>	<u>Single Block Rate</u>	<u>0-14 Ccf/mo. Tier 1 Rate</u>	<u>Over 14 Ccf/mo. Tier 2 Rate</u>	(T)

3. The balance in the memorandum account shall be amortized by a Tier 1 advice letter whenever the balance exceeds 2% of the authorized revenue requirement for the preceding calendar year. If the balance is below 2%, San Gabriel shall propose its amortization in a general rate case.
4. The memorandum account will terminate when so ordered in a CPUC general rate case decision, at which time any remaining debit (undercollection) or credit (overcollection) balance will be amortized through a rate surcharge or surcredit.
