San Gabriel submits this advice letter in compliance with California Public Utilities Commission ("CPUC" or "Commission") Decision ("D.") 20-08-006, issued August 12, 2020, in Application ("A.") No. 19-01-001 to implement a revenue increase of \$2,135,792, or 2.4% for Escalation Year 2022-2023. In accordance with Ordering Paragraph No. 7 of D.20-08-006 and Water Industry Rule 7.3.1(6) of General Order 96-B, **this is designated as a Tier 1 advice letter**, with a requested effective date of July 1, 2022.

### Purpose and Background

This advice letter requests authority to implement rates for Escalation Year 2022-2023 as authorized by the Commission for the Fontana Water Company division in D.20-08-006, issued August 12, 2020, in A.19-01-001. Ordering Paragraph No. 7 of D.20-08-006 states:

7. For Escalation Years 2021/2022 and 2022/2023, San Gabriel Valley Water Company shall submit a Tier 1 advice letter to implement escalation year rate increases or decreases consistent with the estimated increase or decreases shown in Appendices A and B hereto, in conformance with General Order 96-B on or before May 17, 2021 and May 17, 2022, respectively, as set forth in the Commission's Rate Case Plan (Decision 07-05-062) for Class A Water Utilities. These advice letters shall include appropriate supporting

workpapers. The revised tariff schedules shall take effect no earlier than July 1, 2021 and July 1, 2022, respectively, and apply to services rendered on and after their effective dates. The advice letters shall be reviewed by the Commission's Water Division. The Water Division shall inform the Commission if it finds that the revised rates do not conform to the Rate Case Plan, this order, or other Commission decisions, and if so, shall reject the advice letter filing.

In accordance with Ordering Paragraph No. 7 of Decision No. 20-08-006, the revised tariff schedules shall take effect on July 1, 2022.

The present rate schedules in the Fontana Water Company division became effective on January 1, 2022, through Advice Letter 572-A to implement a Water Cost Offset.

#### Discussion

Based upon the escalation rates for 2022 and 2023 published on May 2, 2022 by the Public Advocates Office, San Gabriel requests an increase of \$2,135,792, or 2.4% for Escalation Year 2022-2023.

An earnings test is required to implement the Escalation Year 2022-2023 increase. The earnings test yielded a pro forma rate of return of 8.67%, which is greater than the adjusted-adopted rate of return of 8.26%. Therefore, San Gabriel has reduced its requested increase by \$1,162,407 in deriving the proposed rates.

The tariff schedules reflecting the proposed changes are attached hereto. San Gabriel has provided workpapers supporting the calculations of the Escalation Year revenue requirement, the earnings test, and proposed rates to the Commission's Water Division staff for their review as required by D.20-08-006. The proposed rates will increase the monthly bill of the typical customer with a 5/8" x 3/4" meter and using 15 hundred cubic feet ("Ccf") of water on General Service Rate Schedule FO-1 by \$1.96 or 2.3%, from \$84.35 to \$86.31. The proposed rates will increase the monthly bill of the typical residential customer with a 5/8" x 3/4" meter and using 15 Ccf of water on Conservation Rate Schedule FO-1C by \$1.91 or 2.3%, from \$82.54 to \$84.45.

#### Service and Notice

Distribution of this advice letter is being made to the attached service list in accordance with Water Industry Rule 4.1 of General Order 96-B. No other parties have requested notification of tariff filings related to the Fontana Water Company division. In accordance with Water Industry Rule 3.3 of General Order 96-B, San Gabriel will also post this advice letter to its website [www.fontanawater.com](http://www.fontanawater.com). San Gabriel will inform its customers of the overall net rate change effective July 1, 2022 in dollar and percentage terms by a billing message on the first bill on which the changes appear. No further public notice is required because all public notices in connection with Application No. 19-01-001 have already been made in accordance with applicable law and Commission rules.

Protest and Responses

Anyone may respond to or protest this advice letter. A response supports the filing and may contain information that proves useful to the Commission in evaluating the advice letter. A protest objects to the advice letter in whole or in part and must set forth the specific grounds on which it is based.

These grounds are:

- (1) San Gabriel did not properly serve or give notice of the advice letter;
- (2) The relief requested in the advice letter would violate statute or Commission order, or is not authorized by statute or Commission order on which San Gabriel relies;
- (3) The analysis, calculations, or data in the advice letter contain material error or omissions;
- (4) The relief requested in the advice letter is pending before the Commission in a formal proceeding;
- (5) The relief requested in the advice letter requires consideration in a formal hearing, or is otherwise inappropriate for the advice letter process; or
- (6) The relief requested in the advice letter is unjust, unreasonable, or discriminatory, provided that such a protest may not be made where it would require re-litigating a prior order of the Commission.

A protest may not rely on a policy objection to an advice letter where the relief requested in the advice letter follows rules or directions established by statute or Commission order applicable to the utility. A protest shall provide citations or proofs where available to allow staff to properly consider the protest. A response or protest must be made in writing or by electronic mail and must be received by the Water Division within 20 days of the date this advice letter is filed. The informing document should include an estimate of the date the proposed protest might be voted on.

The advice letter process does not provide for any further responses, protests or comments, except for San Gabriel's reply, after the 20-day comment period. San Gabriel will reply to each protest and may reply to any response. Each reply must be received by the Water Division within five business days after the end of the protest period, and shall be served on the same day to the person who filed the protest or response in accordance with General Order 96-B, General Rule 7.4.3.
